

JOB OFFER

Environmental Technician

PERMANENT POSITION	POSITION TO FILL: 1	Code ENV24-02
DEADLINE TO APPLY: FEBRUARY 19, 2024		
The work location is in Nunavik and the normal work schedule is 11 hours per day on a rotation of 4 weeks: 2 weeks worked (77 hours per week, 7 days a week) followed by 2 weeks for rest.		

PRIVILEGES & BENEFITS

- Competitive remuneration, coupled with additional benefits such as bonuses, as well as a comprehensive range of social benefits including group insurance, a generous retirement plan, telemedicine, PAEF, and many more.
- Enriching and stimulating learning opportunities.
- A friendly, committed, and collaborative working environment.

RESPONSIBILITIES

The environmental technician reports to the Environmental Coordinator, with a functional link to the Technical Coordinator. His main responsibilities are as follows:

- Maintain an inventory of material resources to perform all technical tasks (inventory, ordering, and receiving).
- Ensure the maintenance of databases to support studies and monitoring required within the framework of the Nunavik Nickel Project.
- Coordinate the transportation of samples to laboratories and ensure their integrity and reception.
- Be responsible for various measuring devices in the department.
- Participate in field campaigns, field reports, and carry out regulatory and internal monitoring.
- Conduct visits and inspections to ensure regulatory compliance of operational and development sites.
- Actively participate in monitoring compliance with environmental standards and regulations. Must report any irregularities and contribute to the development of solutions and follow-up on corrective measures.
- Coordinate and monitor various rehabilitation and restoration works of abandoned mining sites.
- Any other related tasks requested by the supervisor.

QUALIFICATIONS

- College diploma with training in environmental studies or any related field.
- 2 to 5 years of experience in environmental fieldwork.
- Experience in a similar position in the mining or industrial sector is an asset.
- Good overall physical condition to perform fieldwork.
- Valid driver's license.
- Proficiency in various MS Office suite software.
- Strong communication skills, both oral and written.
- Due to frequent interactions with French-speaking team members, bilingualism (French/English) is an asset that facilitates and enhances our internal communications.

PROFILE

- Work within a diverse and multicultural team.
- Demonstrate autonomy, dynamism, positivity, respect, teamwork spirit, and versatility.
- Embrace change.
- Work effectively under pressure.
