PRIVILEGES & BENEFITS

- Competitive remuneration, coupled with additional benefits such as bonuses, as well as a comprehensive range of social benefits including group insurance, a generous retirement plan, telemedicine, the PAEF, and many more.
- Enriching and stimulating learning opportunities.
- A friendly, committed, and collaborative working environment.

FUTURE CHALLENGES

Reporting to the Mining Engineer in Production, the Surveying Technician is responsible for:

- All surveying work in the field (projects, pits, and underground mines).
- Setting out holes, boundaries, and work zones.
- Planning, organizing, and ensuring the follow-up of all field surveying projects.
- Producing layouts of requested projects.
- Monitoring daily, weekly, and monthly mining operations.
- Conducting data checks and validations.
- Performing various tasks, including drone piloting.
- Inputting daily data into Excel, drafting activity reports, and generating various reports and graphs.
- Understanding and knowing mining operations to ensure that production has all the necessary tools to progress.
- Performing any other related tasks as required.

WHAT WE ARE LOOKING FOR

- Diploma of Vocational Studies (DEP) in surveying or in a mining technique.
- Minimum of 2 years of experience in the field.
- Good knowledge of Deswik software and the Microsoft Office suite; Possess a good knowledge of Trimble and Leica surveying equipment.
- Possess a good knowledge of surveying methods in both open-pit and underground mines.
- Understand, know, and be familiar with geology and mining operations.
- Proficient in communication (report writing, presentations, etc.).
- Possess a valid driver's license and the general permit for handling explosives is essential.
- Possess the FMTM 1, 2, 3, 4, 5, and 7 certifications.
- Due to frequent interactions with French-speaking team members, bilingualism (French/English) is an asset that facilitates and enhances our internal communications.

SKILLS

- Working with a diverse and multicultural team.
- Autonomy, dynamism, positivity, respect, teamwork, and versatility.
- Ability to work under pressure while maintaining a positive work environment.
