### PRIVILEGES & BENEFITS

- Competitive compensation, accompanied by additional benefits such as bonuses, as well as a comprehensive range of social benefits including group insurance, a generous retirement plan, telemedicine, the Employee Assistance Program (PAEF), and many more.
- Enriching and stimulating learning opportunities.
- A friendly, committed, and collaborative work environment.

### RESPONSIBILITIES

Reporting to the utilities supervisor, the electromechanic will have the following main responsibilities:

- Diagnose issues to determine their origin, perform necessary repairs, and restore functionality.
- Conduct preventive maintenance on ventilation, heating, refrigeration systems, automatic doors, as well as overhead cranes and the fire alarm system.
- Perform repair work on oil furnaces and various pumps.
- Maintain speed regulators and monitor pumping systems.
- Carry out any other electromechanical tasks deemed necessary by the supervisor.

### QUALIFICATIONS

- Vocational diploma (DEP) in automated systems and/or DEP in industrial mechanics, specializing in construction and maintenance, or a related field considered relevant.
- Minimum of eight (8) years of professional experience within an industrial company.
- Good knowledge in building mechanics: ventilation systems, air conditioning.
- Relevant experience and knowledge in fire systems.
- Ability to diagnose problems with a variety of equipment.
- Aptitude to interpret equipment plans and specifications.
- Experience in piping, electricity, electronics, and air conditioning are assets.
- Possession of electrical license C.
- Possession of a refrigeration license will be considered an asset.
- Valid Class 5 driver's license required.
- Due to frequent interactions with French-speaking team members, bilingualism (French / English) is an asset to facilitate and enhance our internal communications.

### PROFILE

- Strong inclination to adhere to health, safety, and environmental rules and guidelines.
- Openness to working within a multicultural team and diverse environments.
- Excellent skills in work organization and communication.
- Dynamic, self-reliant, and with a positive attitude.
- Excellent problem-solving abilities.
