- Assist the Director with the management of Department activities and work closely with northern village staff.
- Prepare and administer budgets and implementation timetables and ensure the monitoring of deadlines according to Department objectives.
- Supervise, coach, and mobilize the Department's project managers and ensure the delivery of infrastructure projects.
- In collaboration with the Assistant Director – Building Maintenance, coordinate technical assistance and support to municipal employees in the maintenance of their buildings.
- Provide technical assistance to the northern villages with a view to increasing the knowledge of municipal staff in particular regarding drinking water treatment, landfill management, as well as building and heavy equipment maintenance.
- Participate in the preparation and implementation of Department operational objectives.
- Ensure clear and transparent communication between stakeholders, such as Department staff, other KRG departments, northern villages and provincial-government departments and agencies.

QUALIFICATIONS

- A bachelor's degree in Engineering or Architecture or possess considerable experience in project management of municipal infrastructures.
- At least five (5) years of experience with the implementation of municipal infrastructure projects, including two (2) years as a manager of a multidisciplinary team.
- Experience with Project Portfolio Management and/or Program management will be a strong asset.
- Candidates possessing professional certificate(s) in project, program and portfolio management, and those with experience in public organizations will be prioritized.
- Written and oral working knowledge of at least two (2) of the following languages: Inuktitut, English and French;
- Capacity to work with a minimum level of supervision.
- Capacity to manage several files simultaneously and ensure the necessary follow-up.
- Work experience in multicultural and municipal environments is an asset.
- Available to frequent travel in and outside of Nunavik.
