

JOB OPPORTUNITY

The Kativik Regional Government (KRG), a supra municipal body with jurisdiction over the territory located north of the 55th parallel, is now looking for a self-motivated and dynamic individual interested in joining the KRG to work in the capacity of:

CONSERVATION & EDUCATION SPECIALIST

Reporting to the Assistant Director of the Renewable Resources Department, the Conservation & Education Specialist has the mandate to ensure ecological integrity is maintained and implement and update the educational plans of Nunavik parks. This includes, but is not limited to:

- Ensure that the ecological integrity of the Nunavik Parks are maintained:
 - Implement the conservation plans;
 - Design, implement and update monitoring plans;
 - Propose and realize research projects designed to validate and increase knowledge of the parks;
 - Analyze and monitor scientific research projects approved by the Harmonization Committees;
 - Ensure that the activities of the visitors and the park employees are respectful of the environmental code of ethics and park regulations;
 - In collaboration with Park Wardens, monitor the wildlife protection plan;
 - Manage, update and deliver training to the staff concerning parks conservation and education missions;
- Implement and update the education plan for Nunavik parks:
 - Ensure the complementary nature of park activities;
 - Ensure that the yearly activities foreseen in the Education Plan are realized;
 - Design and identify educational material;
 - In collaboration with the local and regional education authorities, develop and deliver a school program on Nunavik Parks;
 - Validate the educational components of parks communications;
 - Provide expertise in the organization of interpretive activities including the presentation of exhibits in the interpretation centers.
 - Assist in meetings of the Harmonization Committees.
- Act as a resource person in the development of Nunavik Parks:
 - For each new park created, participate in the preparation of education and conservation plans;
 - Participate in the development and realization of the park exhibitions for the interpretation centers;
 - As required, provide expertise in activities leading to the creation and opening of parks in Nunavik;

QUALIFICATIONS:

- Possess a university degree in the natural sciences (Biology, Geology, Geography, etc.); relevant experience will also be considered;
- Possess a thorough knowledge of Inuit archaeology, history and culture;
- Possess good research, analysis, summary and writing skills;
- Possess solid teamwork experience;
- Written and oral working knowledge of at least two (2) of the following languages: Inuktitut, English and French
- Possess a working knowledge of widely used computer software within a Macintosh environment (word processors, spreadsheets, databases, etc.);
- Be available to travel frequently in Nunavik
